The hostel mess contract was awarded for the academic year 2017-18, but frequent complaints about food quality and hygiene were observed during first semester so a meeting of all hotelites and concerned authorities was held on 6/11/2017 and it was decided that students cooperative mess will be started on no profit no loss basis. So the current mess contract is terminated by office order from 18/12/2017. The boys hostel council for students cooperative mess for academic year 2017-2018 will be as follows.
